

WOO MOON

RENAISSANCE ART IS BACK

A new chapter where Art is Back.
More than a party, WooMoon unfolds as a multi-sensory journey. From the conscious opening of Ritual, where music, voice and movement guide a shared connection, to the high-energy Headliner moments led by world-class DJs and immersive performances.

As the night evolves, the experience expands into a multi-space exploration across La Plaza and the Club, each offering its own rhythm and atmosphere — inviting guests to move freely, explore and shape their own journey.
